TO HIS EXCELLENCY THE RIGHT HONOURABLE THE GOVERNOR-GENERAL  
OF INDIA IN COUNCIL

MY LORD,

With reference to my predecessor's Despatch, Financial (Funds), No 3, dated 28th April 1916 fixing the date of the next valuation of the Indian Civil Service Family Pension Scheme as at the 31st March 1918, I enclose herewith a copy of the Report of the Actuary, Mr J Douglas Watson, FIA, as at that date, with copies of a letter sent to him on the 23rd February 1920, relative to that Report, and of his reply dated the 24th of the same month

I also enclose a statement of the consolidated accounts for the period from 1st April 1911 to the 31st March 1918

2 The valuation, which was made on a 4 per cent basis, showed that there was a surplus in the capitalised value of the assets, actual and contingent, over the capitalised liabilities, actual and contingent, of 223,239/. The continuation of the reduction of 12½ per cent in the subscriptions, which has been in force since the 1st August 1908, would absorb 102,168/ of this surplus leaving 121,071/ undistributed

3 For the reasons set forth in the letter to Mr Watson dated the 23rd February 1920 I have decided, while continuing the 12½ per cent reduction in subscriptions as at present to increase by 25 per cent all pensions that may be payable in respect of the period from the 1st January 1920 to the 31st December 1924 or any part of that period I have sanctioned this increase on the distinct understanding that it may not be continued beyond the 31st December 1924 I feel sure that the disposal of a large portion of the surplus by granting this increase will commend itself to the judgment of the subscribers. No increase will be made in the donations payable to daughters on marriage

This exceptional step of temporarily increasing pensions has been rendered possible by the decision to allow for the present 5½ per cent interest on the half-yearly balances in the *pro forma* accounts with effect from the 1st April 1919 The additional ½ per cent is subject to withdrawal on six months' notice

4 I have to request that you will publish the Actuary's Report, with the letters of the 23rd and 24th February, also this Despatch, in the *Gazette*

*of Ind a* Interest on arrears of contributions should be increased to 5½ per cent with effect from the first day of the month following publication. The date of publication should be communicated to me by telegram, and as soon as possible thereafter copies of the amended Regulations will be despatched.

I have the honour to be,

MY LORD,

Your Lordship's most obedient humble Servant,

ED S. MONTAGU

#### ENCLOSURES

ENCLOSURE NO 1 — *Mr. T. Douglas Watson, F.I.A. to India Office*

32 Moorgate Street E.C. 2,  
15th December 1919

SIR,

In accordance with instructions conveyed to me by the Accountant-General and Director of Funds in his letter of the 26th March 1918, I have investigated the financial position of the Indian Civil Service Family Pensions Scheme as at 31st March 1918.

2 The previous actuarial investigation into this scheme was made by the late Sir George Francis Hardy as at 31st March 1911, and in that connection he made a very elaborate investigation into the past experience of the fund, supplemented, where it seemed useful, by data derived from the Bengal, Madras and Bombay Civil Funds, with a view to the preparation of the necessary tables to determine what is likely to be the future experience of the Fund with regard to—

- (a) the rates of mortality at various ages of subscribers and of actual and prospective incumbents
- (b) the rates of marriage of the widows and of the daughters of subscribers,
- (c) the rates of marriage of unmarried subscribers and the relative ages of husbands and wives at marriage,
- (d) the number of sons and daughters born to subscribers of various ages, and
- (e) the ages at which subscribers will retire from active service.

From the data available suitable graduated tables were produced, which Sir George Hardy in his Report of 11th November 1913 stated might be regarded as a really trustworthy basis for the financial estimates and one which would be of value in the future. The tables in question are for convenience reprinted at the end of this Report (Appendix A, Table A).

3 In connection with the present investigation, I have been furnished by the Accountant-General and Director of Funds with full statistics relating to the Fund as at 31st March 1918, and for the seven intervening years since the date as at which the last investigation was made. The first point requiring investigation was how far the experience of the Fund since 1914 has, in fact, coincided with the above-mentioned tables prepared by Sir George Hardy with a view to seeing whether such tables could properly again be used upon this occasion.

4 As the result of a full investigation into the new facts I am of opinion that Sir George Hardy's tables may again be adopted (with one unimportant exception, which will be referred to below) but it will be convenient, if only for purposes of record, briefly to deal with the figures for the seven years 1911-1918 under each head in detail.

#### *Mortality of Subscribers*

5 The following table gives a summary of the experience with respect to the mortality of subscribers, both active and retired, the facts being arranged for convenience in quinquennial groups of ages —

TABLE I

## Mortality Experience of Subscribers—Active and Retired, 1911-1918

| Ages. | Actual Number<br>of Deaths. | Number expected<br>by Table A |
|-------|-----------------------------|-------------------------------|
| 24-29 | 15                          | 15                            |
| 30-34 | 16                          | 13                            |
| 35-39 | 15                          | 11                            |
| 40-44 | 13                          | 15                            |
| 45-49 | 13                          | 14                            |
| 50    | 6                           | 6                             |
| Total | 78                          | 74                            |

From this table it will be seen that the number of deaths was 78, which is four more than the number "expected" by Table A. This deviation is unimportant.

*Mortality of Wives of Subscribers*

6 During the period 30 wives died, which is six more than "expected" under Table A, but the total figures are so small that no particular significance can be attached to this fact.

*Mortality of Widows and Daughters of Subscribers*

7 Only two widows died during the period, which was the number "expected" under Table A, while with regard to the daughters 22 died as against 28 deaths "expected."

*Mortality of Sons of Subscribers*

8 In the case of the sons of subscribers the number who died was 46 as against 28 "expected" under Table A. Of the 46 deaths, however, 19 are returned as war casualties. Making allowance for this fact it will be seen that what may be regarded as the normal mortality has closely approximated to that expected.

*Marriages*

9 (a) *Single Subscribers*—During the period there were 291 marriages of single subscribers as against 309 "expected," showing as close an approximation between the actual and "expected" marriages as could reasonably be anticipated.

(b) *Widows*—Here there were 10 marriages as against five "expected" under Table A. In the case of re-marriages of widows, not only is the experience during the period very small, but the rates given in Table A are themselves based, as was pointed out by Sir George Hardy, upon very scanty data and it is not surprising that there should be some deviation between the actual and "expected" results. There seems, therefore, in my judgment at present no adequate reason for modifying the Table A rates, and in any case, having regard to the small financial effect of this particular item on the investigation, this point is of no practical significance.

(c) *Daughters*—During the period there were 45 marriages of daughters of subscribers at the ages shown in the following Table—

TABLE II

## Marriages of Daughters, 1911-1918

| Ages     | Actual Number of<br>Marriages | Number expected<br>by Table A |
|----------|-------------------------------|-------------------------------|
| Under 20 | 4                             | 4                             |
| 20-24    | 28                            | 11                            |
| 25-29    | 13                            | 4                             |
| Total    | 45                            | 19                            |

It will be seen that the number of marriages of daughters considerably exceeded the "expected" under Table A. In this connection it must be borne in mind that, as pointed out by Sir George Hardy, the marriage rates deduced by him were based mainly upon the experience of the old Funds. In order, therefore, to provide for the possibility of a fall in the marriage rate in the future, he arbitrarily reduced the rates indicated by the past experience by 25 per cent, and it is such reduced rates which are shown in Table A. So far as there has been any rise in the number of marriages during the last few years, this may quite likely have been due to special circumstances connected with the war. Moreover, it is possible that the marriage rate in the immediate future may tend to fall owing to the social and economic after-effects of the war. For these reasons, and bearing in mind the fact that any fall in the marriage rate in the future would have an adverse effect on the Fund, it has not been considered advisable to assume on this occasion a higher marriage rate than that shown in Table A.

#### *Births of Future Children*

10 (a) *Sons*—The number of sons born was 347 as against 324 "expected," a sufficiently close approximation. Moreover, the ratio of the number of married men at each age to the total number of subscribers at that age has not altered materially. With regard to sons, therefore, it is satisfactory to adopt the Table A rates.

(b) *Daughters*—The number of daughters born was 331 as against 298 "expected." With regard to these figures, it will be noticed that the actual number of daughters born, 331, is about 5 per cent less than the number of sons born, 347, which is a proportion found normally to obtain in similar experiences. This fact suggested an enquiry as to the former data upon which the Table A rates were based, and it was found that for the six years 1900—1905, and again for the six years 1906—1911, the number of sons born exceeded the number of daughters born by 20 per cent in each period. No particular reason suggests itself why what can only be regarded as the very abnormal experience up to 1911 should recur, and it was therefore decided to base the present valuation on the more normal experience of the immediately preceding seven years. In order to carry this out it has been on this occasion assumed that the birth rate of daughters would in future correspond with that given for sons in Table A. The "expected" births on this basis during the past seven years would have been almost exactly equal to the actual births.

#### *Number and Ages of Subscribers entering the Service*

11 The following table gives the numbers and average ages of subscribers entering the service —

TABLE III

#### Number and Ages of Subscribers entering the Service

| Year of entry | Numbers | Average age |
|---------------|---------|-------------|
| 1911          | 60      | 24 3        |
| 1912          | 48      | 24 3        |
| 1913          | 17      | 24 4        |
| 1914          | 13      | 24 3        |
| 1915          | 15      | 24 3        |
| 1916          | 14      | 24 2        |
| 1917          | 9       | 24 5        |

From this table it will be seen that throughout the period the average age at entry has been 24 3, which is practically the same as during the previous six years. With regard to the numbers entering the service it will be noticed that these fell off considerably during the later years of the war.

#### *Retirements of Subscribers*

12 The number of subscribers who retire from active service at the various ages is a very important factor in such a Fund as this, and Sir George

Hardy in his Report (paras 19-24) went very carefully into the questions involved. The special difficulty in dealing with these points in connection with this particular Fund is that, owing to the date at which it was established, comparatively few of the members have reached the normal age of retirement. Moreover, since the Fund was established the average age at entry, which in the early days was 21, has increased to slightly over 24, which fact may be expected ultimately somewhat to increase the average age at retirement, while on the other hand the fact that subscribers are no longer required to pay their monthly subscriptions after retirement may tend in the other direction. Bearing these considerations in mind, and after careful examination of the data of the last seven years, I am of opinion that while there is not at the present time sufficient justification for definitely assuming that retirements will ultimately take place earlier than at an average age of 50, it would be wise somewhat to strengthen the valuation in this respect to provide a margin for future contingencies and this has accordingly been done.

#### *Withdrawals of Subscribers*

13 Having regard to the present rules, the influence of withdrawals on the Fund is insignificant and may be neglected.

#### *Basis of Valuation*

14 The valuation has been based upon the rates of mortality, marriage, etc., as explained above, combined with interest at the rate of 4 per cent. in accordance with instructions. This involves the assumption that in the case of each succeeding valuation the capital will from year to year be credited with interest at the rate of not less than 4 per cent so long as any of the existing contracts remain in force.

#### *Results of the Valuation*

15 The valuation balance-sheet appended to this report (Appendix B) shows in detail the results of the valuation upon the assumptions described above, and assuming that the full rates of contributions and donations as set out in Regulation 10 are payable in future.

16 It will be seen that there was as on the 31st March 1918 a surplus, according to the present valuation of 223,239*l*, which figure may be compared with the corresponding surplus of about 130,000*l* disclosed in the previous valuation after taking into account the financial effect of the modifications in the rules then in contemplation and now in force.

17 It will be observed that the surplus on the present occasion considerably exceeds the corresponding surplus at the previous valuation. I have roughly investigated the reason for this, and find that the larger surplus is partly due to the rate of interest allowed on the half-yearly balances having been at the increased rate of 4½ per cent from 1st April 1911 to 31st March 1914 (when the rate was again reduced to 4 per cent) but mainly on account of the experience of the Fund during the seven years having as regards many material items, worked out somewhat more favourably than provided for by the tables upon which the valuation was based.

18 Assuming that on this occasion it were decided to continue the abatement of 12½ per cent at present allowed off the contributions, this would absorb 102,168*l* of the above-mentioned surplus and would leave 121,071*l* of the surplus undistributed. This undistributed surplus would represent 7½ per cent of the Fund which would not be an unreasonable amount to keep in hand in a Fund of this description if the abatements in the contributions allowed were permanent. Having regard, however to the following considerations —

- (a) that the abatement in subscriptions allowed is subject to revision after each valuation,
- (b) that, as explained above during the last seven years on the whole the experience of the Fund has been somewhat more favourable than that anticipated, and
- (c) that it has been decided to allow interest at the rate of 5 per cent on the half-yearly balances of the Fund (which will in itself have a very favourable effect upon the next valuation)

I am of opinion that until the date of the next valuation the abatement in the subscriptions might safely be increased to 20 per cent., which recom-

mentation, if adopted, would absorb 163,169/ of the surplus now disclosed, leaving 59,770/ to be carried forward

*Non-European Members of the Indian Civil Service*

19 It remains to deal with the further question upon which I am instructed to report, namely, as to the effect, if any, on the Fund of the admission to membership of non-European members of the Indian Civil Service

20 It is understood that it is now compulsory for non-European probationers admitted in August 1914 and thereafter to join the Fund and in accordance with present arrangements such members pay the same rates of subscription and receive the same benefits as the European members. At the time these new arrangements were authorised it was recognised that, in the absence of sufficient material on which to base an investigation of the liabilities that would be incurred through the admission of non-Europeans to the Pension Scheme, no good purpose would be served by taking actuarial advice on the point [see Despatch (Financial), No. 70, dated 23rd May 1913]

21 Since the new arrangements came into force in 1914 the number of non-European members admitted to the Fund has been 22, all of whom were under 30 years of age on the 31st March 1918, and it is therefore still clearly impossible to base any conclusions of value upon such small foundations. At the same time I recommend that the statistics relating to this class continue to be kept separately as they may ultimately prove useful. In the meantime these 22 members are, of course, included in the present valuation with the other members

I have, &c

ENCLOSURE No 2—*India Office to Mr J Douglas Watson, F I A.*

India Office,  
23rd February 1920

SIR,

I am directed to acquaint you that the Secretary of State for India in Council has had under consideration your Report, dated the 15th December 1919, on the Valuation of the Indian Civil Service Family Pensions, from which it appears that a reduction in the rates of subscription at present paid by the members might safely be made.

It is contrary to precedent and to accepted views regarding the application of a surplus to apply it to temporary benefits but the existing circumstances seem to justify a departure from previous practice and the Secretary of State feels that at the present time various reasons exist for adopting, as an alternative to a reduction of subscription, some method for securing benefits to widows and children drawing pensions under these Regulations, if this can be done without impairing the stability of the scheme and with due consideration for the interest of existing subscribers.

As regards the latter, an important point to be borne in mind is that, as the contributions are fixed in sterling the recent large rise in the value of the rupee has the effect of greatly reducing the sums payable by them so that they are independently receiving a large benefit which does not accrue to the pensioners.

Several factors, which do not immediately affect the present valuation, may perhaps be expected to have some disturbing influence on the future position of the scheme, such as the recent reduced entries into the service to be made good later, the possibility of some early retirements and some other indirect effects of the war, so that it would seem undesirable to increase existing and future pensions permanently. On the other hand the Secretary of State has recently decided that, with effect from 1st April 1919 interest shall be allowed on the half-yearly balances at  $5\frac{1}{2}$  per cent, the additional  $\frac{1}{2}$  per cent being subject to withdrawal on six months' notice. In view of this decision and of the position disclosed by your valuation, he is disposed to think that without prejudicing the future of the scheme a temporary addition until the 31st December 1924 of at least 25 per cent might be made to the pensions of all present pensioners with effect from the 1st January 1920, and of those hereafter admitted during the five years to 31st December 1924. The addition might perhaps be more if it were to be subject to reconsideration in the event of any reduction being made from  $5\frac{1}{2}$  per cent in the rate of interest on balances.

Before coming to a decision, the Secretary of State would be glad to have any comments that you may be disposed to make on the above proposal.

I have, &c,

J Douglas Watson, Esq. F I A

ENCLOSURE No 3—*Mr J Douglas Watson F I A, to India Office.*

24th February 1920

SIR

Ref A G (Funds) 101719

I am in receipt of your letter of yesterday's date, and in reply beg leave to say that if it is desired—

- (1) to continue the existing  $12\frac{1}{2}$  per cent reduction on contributions, and
- (2) as a temporary measure, as from the 1st January 1920 until the 31st December 1924, to increase all incumbent pensions payable by the Fund by 25 per cent,

I am of opinion that this can safely be done without impairing the stability of the scheme, and with due consideration for the interests of existing subscribers, if during this period the interest allowed on the half-yearly balances is maintained at not less than  $5\frac{1}{2}$  per cent.

I am, &c,

The Under-Secretary of State for India

J D WATSON.

The fee for the session July to November is Rs 12, which may be paid in four monthly instalments of Rs 3 each. The fee for the session, December to April, is Rs 16, which may be paid in four monthly instalments of Rs 4 each.

(d) **Shorthand (Speed).**—Students having a speed of 60 words per minute are admitted in July and the class practice is from 60 to 120 words per minute.

Students having a minimum speed of 80 words per minute are admitted in December and the class practice is from 80 to 140 words per minute.

In the examination the tests are at four grades of speed, 80, 100, 120, 140 words per minute, and at higher speeds if candidates can write more rapidly. Classes are held daily from 6 P.M. Fees are the same as for (c).

(e) **Typewriting.**—Beginners are admitted in July. Students having a minimum speed of 20 words per minute are admitted in December. The minimum speed required to pass the examination at the end of April is 35 words per minute. Certificates are issued for 35, 40, 45, 50, 55, 60 words per minute. For each of the speed tests, there is a corresponding accuracy test in tabulating. Classes are held at 5, 6 and 7 P.M. Fees are the same as for (c).

**Combination of the above subjects and reduction of fee.**—If a student simultaneously takes up two or three of the subjects (a) to (e), a reduction of Re 1 per instalment of each of the fees payable by him will be granted. For example, if a student is a member of both the Shorthand and the Elementary Book-keeping classes, he will have to pay instalments of Rs 2 for each subject, instead of Rs 3, for the session July to December.

(f), (g), (h), (i) and (j).—Classes are formed in these subjects if a sufficient number of candidates apply for admission. The fee for each subject is Rs 3 for each series of ten lectures.

(k) **Accountancy and Auditing.**—There are two courses of year each for ordinary students, or one year for those who are already practising as auditors, to prepare candidates for the Government examination of Diploma in Accountancy, which qualifies them to obtain the Government license to practise as auditors. Students of this class have to attend Book-keeping and Mercantile Law classes for which no extra fee has to be paid. The fee is Rs 144 payable in advance in four half-yearly instalments of Rs 36 each in the case of ordinary students and Rs 72 in two half-yearly instalments of Rs 36 each, in the case of those who are practising as auditors and hold a provisional license granted by Government.

2 **Examinations.**—The examination in subjects (a) to (j) is held at the end of April at the end of the year's course under the control of the Government Commercial Institute Board, and successful candidates receive certificates signed by the Director of Public Instruction, Bengal, and countersigned by the Secretary to the Bengal Chamber of Commerce. The examination fee for each subject is Rs 5.

3 **Attendance.**—Strict regularity and punctuality of attendance are observed. Students must attend 75 per cent of the lectures in order to appear at the examination. Classes are not held in the evening on Saturday.

4 **Standard of Admission.**—Candidates who have attended the lectures of the day course are eligible for admission. Others will be admitted provided they appear qualified for the class or classes they seek to join.

5 **Prizes.**—Prizes of Rs 50 each are offered by the Bengal Chamber of Commerce to the best candidates from the evening classes in subjects (b), (d), (f), (g), (h), (i) and (j). Three medals are offered by the Remington Typewriter Co. to the best three students of either the day or evening classes in the Typewriting examination.

6 **Admission.**—Candidates for admission should send in their applications and register their names, with a deposit of fees, before the end of June. Candidates who desire to be admitted in December should apply before the end of November.

## THE GOVERNMENT COMMERCIAL INSTITUTE.

### The Day Course.

1 There is a specialized Day Course extending over two years. Candidates who have passed the Matriculation Examination are eligible for admission. Others are admitted, provided they satisfy the Education Department, by passing a preliminary test examination of a similar standard, that they have sufficient general education to enable them to derive advantage from the teaching.

#### 2 **Compulsory subjects :—**

- (a) English (modern), and especially English Correspondence, including Commercial Correspondence, letter-drafting and precis-writing
- (b) Arithmetic, including Commercial and Mental Arithmetic
- (c) An Indian vernacular
- (d) Commercial Geography
- (e) Book-keeping (Junior)

For an Indian vernacular, the Institute provides a thorough training in Bengali. Students taking up any other vernacular are given directions for the examination for which they have to prepare themselves. Anglo-Indian candidates who have passed the Higher Standard examination in an Indian vernacular held by the Inspector of European Schools, Bengal, or who have passed the Lower Standard examination in an Indian vernacular held by the Board of Examiners, will be further examined in the same vernacular in the following manner—

- (1) They will be examined orally to test their command of the vernacular for the ordinary purposes of business.
- (2) They will have to translate into English a business letter dictated in the vernacular, and will be examined in both the dictation and translation.

3 **Optional Subjects.**—Shorthand and Typewriting—(A candidate may take up one or both, according to his option)

A student must take up all the compulsory subjects and must pass in each to obtain the final certificate. The marks obtained in the Optional Subjects—Shorthand and Typewriting—are counted towards a prize.

4 **Examination.**—At the end of the first year's course an examination is held to determine promotion to the second year class and to decide the award of scholarships. At the end of the two years' course the final examination is held towards the end of April or the beginning of May. A candidate who fails in one of the five compulsory subjects is not eligible for a pass certificate. A candidate who fails in one subject only in the final examination may appear again in the final examination in the following year in that subject without attending the class. A candidate who fails in only two subjects in the final examination may appear in the final examination in the following year in those subjects, provided that he attends the classes in those subjects.

A candidate who attends a final examination to be examined in a subject in which he has previously failed must pass again in English, if English was not a subject in which he had failed, in order to obtain the diploma

5 **Text-books.**—The following text-books are prescribed —

- (a) English—Hooper and Graham's "Home Trade"
- (b) Arithmetic—Grant and Hill's "Commercial Arithmetic" and "Mental Arithmetic"

Tuition fees are to be paid monthly in advance after admission.

IN connection with the election for the seat in the Madras Legislative Council allotted to the University of Madras under the Reform Scheme, it has been decided by the Government of Madras that a person shall be entitled to be registered as an elector on the roll for the constituency of the University if he has a place of residence in India and is a member of the Senate or an Honorary Fellow or a graduate of this University of over seven years' standing, *i.e.*, a graduate of the University (including a Licentiate in Medicine or Licentiate in Teaching) who was admitted to his first degree at the annual convocation held in November 1912 or earlier.

Under the regulations for the preparation of the electoral rolls framed by the Government of Madras the electoral roll for the constituency of the University should contain the following particulars—the elector's name, father's name, address and polling station and should be divided into parts for each registration area comprised in the constituency, and each part should be divided into sections for each polling area within the registration area. The electors in each registration area should be numbered in one series and the names in each polling area should be arranged alphabetically and bear consecutive numbers. The polling areas shall be the same as those fixed for the territorial constituencies. The City of Madras and each district in the mufassal will be a separate registration area. All other areas will together form another registration area. The Registration Officers are the Commissioner of the Madras Municipality for the City of Madras, the Collector of the District for each district in the mufassal and the Registrar of the University for other areas.

Exporters will be required to satisfy the Customs Authorities that the goods presented for export under this licence are *bond-fide* samples, and to make a declaration to that effect on the relative shipping documents.

This notice only applies to samples of goods which require licences for export to the particular destination concerned.

In addition, the consent of the Import and Export Licensing Section is not required for the sale of samples which, though within this scheme at the actual time they were exported, could be exported outside the scheme at the actual time of the proposed sale.

#### OPEN GENERAL LICENCE FOR COAL EXPORTS

An Open General Licence has been issued, with effect from Thursday, 1st January 1920, permitting the export of coal, coke and manufactured fuel to all destinations abroad except Russia (other than Esthonia, Lettland and Lithuania), Germany, Hungary, Austria, Turkey and Bulgaria, subject always to the approval, previously obtained, of the Controller of Coal Mines or his duly authorised representative and subject to shipment being made in a vessel approved by the Commissioners of Customs and Excise or their Officers.

The Customs Authorities will require pre-entry to be made in all cases, and at ports where there is a duly authorised local representative of the Controller of Coal Mines (*see* list next page), the approval referred to above will be signified by his endorsement on the pre-entry form, which must be presented to him for the purpose before shipment.

Where shipment is proposed to be made from a port not included in the list given below it will be necessary for application for the Controller's approval to be made to the Export Branch of the Coal Mines Department in London. Shipments from all ports in the United Kingdom to the destinations excluded from the purview of the general licence must still be covered by an export licence from the Coal Mines Department.

The following are the ports shipments from which will be covered by the local representative's endorsement on pre-entry —

### URGENT ORDERS

The Import and Export Licensing Section, Board of Trade, announces that firms receiving orders which require immediate acceptance may telegraph details of any such order to ascertain whether a licence will be granted for the export of the goods if the order is accepted.

In the event of an applicant being promised a licence he will be enabled to deal with the order straightaway with the knowledge that upon application being made in the proper form to the Import and Export Licensing Section (Board of Trade) the licence will be granted.

The telegrams should be addressed to 'Derestim, London'. They should give in each case in addition to the name and postal or telegraphic address of the applicant, the quantity and description of the goods comprised in the order and the name and the country of destination. A reply of 24 words (1-3) must be prepaid.

No. 2652 — The following extract from the Board of Trade Journal, dated the 6th May 1920, is re-published for general information

### IMPORT PROHIBITIONS

The following is a translation of the French Presidential Decree of 23rd April (published in the "Journal Officiel" on 28th April), prohibiting the importation into France and Algeria of a large number of "luxury" and "fancy" articles and products the use of which is optional. Prefixed to the Decree is a Ministerial Report, in which the circumstances which necessitate the measure are explained

### MINISTERIAL REPORT

Paris, 23rd April 1920

An examination of the foreign trade returns of France shows that for the year 1919, the value of imports had risen to almost 30,000,000,000 francs, while the value of the exports was less than 9,000,000,000 francs, that is, only 29 per cent of the imports. It is universally admitted that this enormous inequality between our purchases and our sales is the chief cause of the fall in the French exchange, and consequently of the increase in the cost of living.

An analysis of the foreign trade figures shows that in 1919, as compared with 1913, imports of food-stuffs and of manufactured articles increased by 26 and 18 per cent respectively, in weight and by 374 and 378 per cent respectively in value. As regards raw materials, the weight of imports was 20 per cent less than in 1913, but 167 per cent more in value.

The inflation of values is, however, seen even more strikingly in the case of exports. As compared with 1913, the tonnage of our exports in 1919 decreased by 74 per cent, that is, by three-quarters, but nevertheless, the value of the 1919 exports (8,713,000,000 francs) exceeded the value of the 1913 exports (6,880,000,000 francs) by 1,833,000,000 francs, or 26 per cent.

Our trade balance has not improved appreciably during the first three months of 1920, as compared with the corresponding period of 1919. It is true that the value of exports shows an increase of 186½ per cent (3,384,000,000 francs, as against 1,181,000,000), but this increase does not go far towards restoring the pre-war situation as the weight of goods exported (2,379,000 tons) was only half that of the first quarter of 1913 (4,750,000 tons), on the other hand imports have increased by a further 22.45 per cent (7,767,000,000 francs, as against 6,343,000,000 francs), so that the difference between imports and exports during the three months in question reaches the considerable figure of 4,383,000,000 francs, or 129½ per cent. The result is that the prices of goods continue to rise, and that our exchange is in a worse plight than ever before.

As, unfortunately, a sufficient revival of our export trade cannot be looked for while our national production remains so low, the only remedy for this disastrous situation lies in practising the most rigorous economy by limiting both our internal expenses and our foreign purchases to an absolute minimum. But it is obvious that in this matter persuasion alone would be powerless.

Consequently, and in conformity with the statement made, and approved by the Chamber of Deputies, during the discussion on the Bill for providing new sources of revenue, the Government deem it imperative forthwith to impose most stringent restrictions on import

Other countries whose economic situation is less precarious than that of France have already taken this step. In any case, for our part we realise that the question is vital, for if we continue heedlessly to import unnecessary goods we shall, and that before long, find that we can no longer obtain abroad credits necessary for the purchase of the food-stuffs and raw materials of which we are in absolute need. It is unnecessary to emphasise how terrible the economic and social consequences of such a position would be.

The investigations in regard to this matter which have been made by the Government Departments concerned point to the necessity of prohibiting the import of a whole series of "luxury" or "fancy" articles and products which are not indispensable, so that such articles and products shall be imported only on condition that they are re-exported within a fixed period after having been worked up or repacked in France.

We have the honour to submit herewith the Decree drawn up to give effect to this prohibition, and beg you to be good enough, should you approve, to affix your signature

### PART VII

#### THE FINAL DECISION OF DOUBTS AND DISPUTES AS TO THE VALIDITY OF AN ELECTION

16 In this Part and in Schedule IV, unless there is anything repugnant in the subject or context,—

- Definition
- (a) "agent" includes an election agent and any person who is held by Commissioners to have acted as an agent in connection with an election with the knowledge or consent of the candidate,
  - (b) "candidate" means a person who has been nominated as a candidate at any election or who claims that he has been so nominated or that his nomination has been improperly refused, and includes a person who, when an election is in contemplation holds himself out as a prospective candidate at such election, provided that he is subsequently nominated as a candidate at such election, and
  - (c) "returned candidate" means a candidate whose name has been published under these rules as duly elected.

27. No election shall be called in question except by an election petition presented in accordance with the provisions of this Part

28. An election petition may be presented to the Governor-General by any candidate or elector against any returned candidate within fourteen days from the date on which the result of the election has been published in accordance with sub-rule (9) of the rule 12

29. The petition shall contain a statement in concise form of the material facts on which the petitioner relies and the particulars of any corrupt practice which he alleges and shall, where necessary, be divided into paragraphs numbered consecutively. It shall be signed by the petitioner and verified in the manner prescribed for the verification of pleadings in the Code of Civil Procedure, 1908

30. The petitioner may, if he so desires, in addition to calling in question the election of the returned candidate, claim a declaration that he himself or any other candidate has been duly elected, in which case he shall join as respondents to his petition all other candidates who were nominated at the election

31. At the time of presentation of the petition the petitioner shall deposit with it the sum of one thousand rupees in cash or in Government Promissory notes of equal value at the market rate of the day as security for the costs of the same

32. (1) If the provisions of rule 31 are not complied with the Governor-General shall dismiss the petition

(2) Upon compliance with the provisions of rule 31—

(a) the Governor-General shall appoint as Commissioners for the trial of the petition three persons who are, or are eligible to be, appointed Judges of a High Court within the meaning of section 101 (3) of the Act, and shall appoint one of them to be the President, and thereafter all applications and proceedings in connection therewith shall be dealt with and held by such Commissioners,

(b) the President of the Commission so constituted shall, as soon as may be, cause a copy of the petition to be served on each respondent and to be published in the Gazette, and may call on the petitioner to execute a bond in such amount and with such sureties as he may require for the payment of any further costs. At any time within fourteen days after such publication, any other candidate shall be entitled to be joined as a respondent on giving security in a like amount and procuring the execution of a like bond

(3) When in respect of an election in a constituency more petitions than one are presented, the Governor-General shall refer all such petitions to the same Commissioners, who may at their discretion inquire into the petitions either in one or in more proceedings as they shall think fit

33. Every election petition shall be inquired into by the Commissioners, as early as may be, in accordance with the procedure applicable under the Code of Civil Procedure, 1908, to the trial of suits provided that it shall only be necessary for the Commissioners to make a memorandum of the substance of the evidence of any witness examined by them

34. The enquiry shall be held at such place as the Governor-General may appoint provided that the Commissioners may in their discretion sit for any part of the inquiry at any other place in the province in which the constituency in question is situated, and may depute any one of their number to take evidence at any place in that province

35. (1) No election petition shall be withdrawn without the leave of the Commissioners

(2) If there are more petitioners than one no application to withdraw a petition shall be made except with the consent of all the petitioners.

(3) When an application for withdrawal is made, notice thereof fixing a date for the hearing of the application shall be given to all other parties to the petition and shall be published in the Gazette

(4) No application for withdrawal shall be granted if the Commissioners are of opinion that such application has been induced by any bargain or consideration which the Commissioners consider ought not to be allowed

(5) If the application is granted—

(a) the petitioner shall be ordered to pay the costs of the respondent theretofore incurred or such portion thereof as the Commissioners may think fit,

(b) such withdrawal shall be reported to the Governor General, who shall publish notice thereof in the Gazette, and

(c) any person who might himself have been a petitioner may, within seven days of such publication, apply to be substituted as petitioner in place of the party withdrawing, and, upon compliance with the conditions of rule 31 as to security, shall be entitled to be so substituted and to continue the proceedings upon such terms as the Commissioners may think fit

36 (1) An election petition shall abate only on the death of a sole petitioner or of the survivor of several petitioners

(2) Such abatement shall be reported to the Governor General, who shall publish notice thereof in the Gazette

(3) Any person who might himself have been a petitioner, may, within seven days of such publication, apply to be substituted as petitioner, and, upon compliance with the conditions of rule 31 as to security, shall be entitled to be so substituted and to continue the proceedings upon such terms as the Commissioners may think fit

37 If before the conclusion of the trial of an election petition the respondent dies or gives notice that he does not intend to oppose the petition, the Commissioners shall cause notice of such event to be published in the Gazette, and thereupon any person who might have been a petitioner may, within seven days of such publication apply to be substituted for such respondent to oppose the petition, and shall be entitled to continue the proceedings upon such terms as the Commissioners may think fit

38 Where at an inquiry into an election petition any candidate, other than the returned candidate, claims the seat for himself, the returned candidate or any other party may give evidence to prove that the election of such candidate would have been void if he had been the returned candidate and a petition had been presented complaining of his election

39 When at an inquiry into an election petition the Commissioners so order, the Advocate General or some person acting under his instructions shall attend and take such part therein as they may direct

*Explanation*—The expression "Advocate General" includes also a Government Advocate, or, where there is no Advocate General or Government Advocate, such other officer as the Local Government may appoint in this behalf

40 (1) Save as hereinafter provided in this rule, if in the opinion of the Commissioners—

(a) the election of a returned candidate has been procured or induced, or the result of the election has been materially affected, by a corrupt practice, or

(b) any corrupt practice specified in Part I of Schedule IV has been committed, or

(c) the result of the election has been materially affected by any irregularity in respect of a nomination paper, or by the improper reception or refusal of a vote, or by any non-compliance with the provisions of the Act or the rules or regulations made thereunder, or by any mistake in the use of any form annexed thereto,

the election of the returned candidate shall be void.

(2) If the Commissioners report that a returned candidate has been guilty by an agent (other than his election agent) of any corrupt practice specified in Part I of Schedule IV which does not amount to any form of bribery other than treating as hereinafter explained or to the procuring or abetment of personation, and if the Commissioners further report that the candidate has satisfied them that—

- (a) no corrupt practice was committed at such election by the candidate or his election agent, and the corrupt practices mentioned in the report were committed contrary to the orders and without the sanction or connivance of such candidate or his election agent, and
- (b) such candidate and his election agent took all reasonable means for preventing the commission of corrupt practices at such election, and
- (c) the corrupt practices mentioned in the said report were of a trivial, unimportant and limited character, and
- (d) in all other respects the election was free from any corrupt practice on the part of such candidate or any of his agents,

then the Commissioners may find that the election of such candidate is not void

*Explanation*—For the purpose of this sub-rule “treating” means the incurring in whole or in part by any person of the expense of giving or providing any food, drink, entertainment or provision to any person with the object, directly or indirectly, of inducing him or any other person to vote or refrain from voting or as a reward for having voted or refrained from voting

41 (1) At the conclusion of the enquiry the Commissioners shall report whether the returned candidate, or any other party to the petition who has under the provisions of these rules claimed the seat, has been duly elected, and in so reporting shall have regard to the provisions of rule 40

(2) The report shall be in writing and shall be signed by all the Commissioners. The Commissioners shall forthwith forward their report to the Governor General who, on receipt thereof, shall issue orders in accordance with the report and publish the report in the Gazette, and the orders of the Governor General shall be final

42 If either in their report or upon any other matter there is a difference of opinion among the Commissioners, the opinion of the majority shall prevail, and their report shall be expressed in the terms of the views of the majority

43 Where any charge is made in an election petition of any corrupt practice, the Commissioners shall record in their report—

- (a) a finding whether a corrupt practice has or has not been proved to have been committed by any candidate or his agent, or with the connivance of any candidate or his agent, and the nature of such corrupt practice, and
- (b) the names of all persons (if any) who have been proved at the inquiry to have been guilty of any corrupt practice and the nature of such corrupt practice with any such recommendations as they may desire to make for the exemption of any such persons from any disqualifications they may have incurred in this connection under these rules

#### *Rules*

19. The Chairman may, with the consent and approval of the Commissioners at a meeting, appoint a polling officer not being a candidate for

election to preside at the election for each ward, or, in the case of a municipality not divided into wards at each polling centre. The polling officer shall be assisted by a committee, hereinafter designated the election committee, of not less than three and not more than five ratepayers of the ward, nominated by the Commissioners at a meeting and not themselves candidates for election. If any member of such committee fail to attend, his place may be taken by another ratepayer, not being a candidate for election, selected by the polling officer.

**20.** On the morning of the election day each polling officer shall be supplied with a sealed box provided with an aperture for receipt of voting papers, a copy of Register A, and a bound book or books of voting paper serially numbered in foil and counterfoil, one voting paper for each voter in Register A.

**21.** (1) The voting paper shall be printed in Bengali and English, with the sanction of the Commissioners, in Form C hereto appended, and shall contain all the candidates' names in alphabetical order.

(2) The name of any candidate, who may have withdrawn his candidature, shall be scored out by the polling officer on receipt of intimation of withdrawal.

**22.** Specimen voting papers shall be posted outside the polling booth for the guidance of voters at least 48 hours before the election commences.

**23.** (1) On the day of the election the polling officer shall admit to the polling booth or room the candidates and such agents as may be selected by the candidates to assist in the identification of voters, provided that there shall be present at one time, in addition to the candidates, not more than one agent of each candidate.

(2) Besides candidates and their agents, only voters and such persons (if any) as may be admissible under special directions given by the polling officer shall be admitted to the polling booth or room.

**24.** The candidates and their agents shall not speak to or address any intending voter in the polling booth or room, but may only address to the polling officer objections to a voter on the following three grounds —

*First*—That his name is not on the list of voters of the ward in respect of which the election is being held.

*Second*—That his claim to be a certain voter shown on the list of voters is false.

*Third*—That he has already voted.

**25.** The procedure for recording each voter's vote shall be as follows —

(i) There shall be no voting by proxy.

(ii) As each intending voter enters the polling booth or room his name and his number in the election roll shall be called out so that all present can hear them.

(iii) No objection to a voter shall be entertained except on the grounds mentioned in rule 24.

(iv) Such objection shall be summarily decided by the polling officer, who may for this purpose obtain such evidence as may be available on the spot.

(v) If after taking such evidence the polling officer is satisfied that the voter is entitled to vote, he shall hand him the foil of a voting paper and allow him to proceed to vote.

(vi) The voter shall mark on the voting paper against the name of each candidate he wishes to vote for a cross for each vote that he gives and shall place the voting paper in the ballot box in the presence of the polling officer.

(vii) In the case of illiterate voters or persons who through blindness or any other cause are physically incapable of recording their votes for themselves the polling officer shall ascertain with as much privacy as possible to which candidate or candidates the voter wishes to give his vote and shall put against the name of each such candidate a cross for each vote that he gives. The voting paper shall then be put in the ballot box.

**26.** It shall be the duty of the polling officer and the election committee to see that votes are recorded with absolute secrecy, that only such persons as may be admitted to the polling booth or room under these rules are admitted thereto, and that persons, who have recorded their votes, or against whom objections have been heard and disposed of, leave immediately. It shall also be their duty to see that these rules and any special directions given by the polling officer thereunder are strictly observed.

**27.** On the conclusion of the poll, the votes shall be counted in the presence of the candidates by the polling officer with the assistance of the election committee, and the polling officer shall then and there declare the result of the election and report accordingly to the Chairman, if he is not himself the Chairman.

He shall also seal up the book of counterfoils and unused foils of voting papers and, if he is not himself the Chairman, make it over to the Chairman, who shall keep it sealed in his own custody till it is destroyed under rule 32.

**28.** Any ballot paper shall be invalid if more crosses appear in column 3 than there are vacancies or if any cross is so placed as to render it doubtful to which candidate it is intended to apply.

**29.** If the majority for any candidate consists only of votes to which objections have been raised, and if the polling officer has been unable to decide such objections summarily, as provided by rule 25 (iv), he shall adjourn the proceedings and report the matter to the Magistrate. The Magistrate shall hold such enquiry regarding the disputed votes as shall be necessary, and his decision shall be final. On the termination of such enquiry, he shall declare such candidates as have the largest number of votes to be duly elected.

**30.** If there be an equality of votes for the same vacancy, and if the number of vacancies does not admit of all the candidates who have obtained an equality of votes being elected, the selection of one of the candidates shall be made by lot by the polling officer, or, in the case prescribed in rule 29, the Magistrate.

**31.** When the voting papers have been scrutinized, they shall forthwith be replaced in the ballot box from which they were taken and the box, after being locked and sealed with the municipal seal, shall be kept by the municipality in safe custody.

**32.** On the expiry of fifteen days from the date of the declaration of the result of the election, the voting papers including both those in the ballot box and those in the sealed book in the Chairman's custody shall be destroyed in the presence of such Municipal Commissioner or officer as the Commissioners at a meeting appoint for this purpose.

### ACCOUNTS AND FINANCE ESTIMATES OF ACCOUNTS

*Simla, the 14th June 1920*

*No 1716-F*—It is hereby notified for general information that with reference to the provisions of section 30, Government of India Act, 1919, His Majesty's Government have decided to make a contribution of £136,500 per annum, with effect from the current financial year towards the cost of the administration of the India Office. This amount is made up as follows —

|  | £       |
|--|---------|
| (i) Salary of the Secretary of State and Parliamentary Under-Secretary   | 6,500   |
| (ii) Estimated cost of the portion of the India Office establishment which is employed on administrative and political, as distinct from agency, functions | 130,000 |

2 A contribution of £40,000 per annum on account of the cost of the India Office has hitherto been made in pursuance of the recommendations of the Welby Commission, so that the additional contribution which will be paid in consequence of the passing of the Government of India Act, 1919, is £96,000. The amount shown against item (ii) has been adopted on the recommendation of a Committee appointed by His Majesty's Government to assess the cost of the India Office establishment employed respectively on agency and non-agency functions, and it will be in force for 1920-21 and the following four years, at the end of which period steps will be taken to re-assess the contribution on the information then available.

3 As a result of this settlement the annual debate on Indian affairs in the House of Commons will take place not, as hitherto, on the presentation of the East India Accounts, but on the occasion when the Civil Service estimates, in which the contribution towards the cost of the India Office is included, are brought up for consideration in Committee of Supply.

## RESOLUTION

### PENSIONS AND GRATUITIES

*The 18th June 1920*

*No 1003-C S R*—In resolution No 714-C S R, dated the 10th May 1920, it was announced that with a view to the exact scope of the new pension rules published in resolution No 1085-E A, dated the 15th November 1919, being made clear the Government of India intended to publish those rules in the form of amendments to the Civil Service Regulations. The accompanying amendments to the Regulations are now published for general information.

2 At the end of Schedule B showing appointments carrying additional pensions published with resolution No 1085-E A, dated the 15th November 1919, it was stated that any other pensionable appointment not included in the schedule, the minimum substantive pay of which is not less than Rs 1500 a month, would qualify for an additional pension on the lower

scale. This statement did not, however, correctly interpret the orders of the Secretary of State. The Departments in which appointments had already been specified in Schedule B had been considered as a whole and those appointments which were regarded as deserving an additional pension had already been definitely included. It was not the intention of the Secretary of State that appointments in such Departments, even though carrying a minimum substantive pay of Rs 1,500 should automatically become entitled to the special additional pension. This has been made clear in the rules now published. But at the same time the Secretary of State has granted to the Government of India the power to admit appointments in such Departments, the minimum substantive pay of which is not less than Rs 1,500 a month, and the Government of India will be prepared to consider any such cases on their merits.

ORDERED that the Resolution be communicated to the several Departments of the Government of India (including the Financial Adviser, Military Finance, and the Board of Industries and Munitions), to all Provincial Governments and Minor Local Governments, to the Comptroller and Auditor General, to the Heads of Departments subordinate to the Finance Department, to all Accountants-General to the Comptroller, Assam, to the Chief Auditors of State Railways and Government Examiners of Railway Accounts, to the Examiner of Accounts Military Works Services, to the Examiner of Press Accounts, to the Controller of War Accounts to the Audit Officer, Delhi Province, and to the Examiner of Customs Accounts.

ORDERED also that it be published in the *Gazette of India*.

8 The register shall be opened by bringing forward all arrears due from lessees whose leases have terminated and have not been renewed. The entries shall be filled in from the previous year's account and made serially, one below the other in column 6 grouped according to the year for which the arrears are due. In the case of such expired leases columns 7 to 9 need not be filled in. The demands for current leases and the dates on which payments on account of them are due shall be entered in columns 7 and 8 respectively. Every entry in columns 6 and 7 shall be verified by the Chairman, who shall put his initials with date in column 10 against each entry.

9 All realizations and their dates shall be entered in columns 11 and 12 respectively and all sums so realized shall be credited direct to 'pound receipts' in column 3 of the cash-book. The entries in column 11 shall be compared by the Chairman with the cash-book and he shall place his initials in column 13.

10 When a lease is cancelled for any reason and the pound re-sold or abolished, the demands up to date shall be worked out and compared with the collections up to date.

14 If any work ~~may~~ be carried out by a member of a Union Committee or by a contractor under the supervision of a member of a Union Committee, advances may be paid with the sanction of the Union Committee, either to such member or to the contractor. The person to whom an advance is paid shall keep proper accounts of the amount advanced, and shall submit an account duly supported by vouchers to the Union Committee within three months from the date of the advance. No fresh advances shall be paid until the previous advance is adjusted.

15 As soon as an advance is paid under rule 14 the Chairman shall enter it as a payment, under the head "advances" on the payment side of the cash-book (Form No. 3 or 2 ~~as~~ <sup>according</sup> as the Union Committee has an account with the local Treasury or not) and make the necessary entries in the payment side (columns 1, 2, 3 and 12 in Form No. 2, or 1, 2, 3 and 13 in Form No. 3, as the case may be). Advances paid to the same person for more than one work shall be entered as separate entries both in the cash-book and in the Advance Register. When advances are recovered either in cash or by work bills, necessary entries shall be made in columns 1 to 4 on the credit side of the Advance Register. If the advance is recovered in cash it shall be entered as "advance recovered" on the receipt side of the cash-book (Form No. 2 or 3). If, however, the recovery is made by work-bill, the amount shall, in the first instance, be posted in the Adjustment Register (Form No. 11), not only in column 4 as a credit, but also under the appropriate head on the payment side (columns 6 to 10). The totals of the Adjustment Register for the month shall be posted under the appropriate heads of the cash-book (columns 4 to 9 of the payment side of Form No. 2 or columns 5 to 10 of the same side of Form No. 3 as the case may be).

### Quarterly Accounts.

16 As soon as possible after the close of each quarter on a day to be fixed by the District Board, the quarterly account of the Union Committee shall be closed and a consolidated account, showing the total receipts and payments during the period under the several heads of accounts with opening and closing balances, shall be prepared in a form similar to the cash-book, but omitting the first two columns of the receipt side and the first two of the payment side in case of Form No. 2, and columns 1, 2, 9, 10 and 11 on the receipt side and columns 1, 2 and 4 of the payment side in case of Form No. 3. This account shall be submitted the same day it is closed to the District Board direct after actual counting of the closing balance or comparison with the Treasury or Savings Bank pass-book. The vouchers should be forwarded with the account.

**Audit of Accounts.**

18. (1) The District Board shall check the accounts and vouchers of Union Committees before they are incorporated in the cash-book and accounts of the District Board. The vouchers should be checked and returned to the Union Committee within a fortnight.

(2) At least once a year a complete audit of the Union Committee's account shall be carried out within the Union by the circle officer or such other officer as may be deputed by the Chairman of the District Board.

19. A proper record of all lands including roads, lands on roadsides, sites of buildings, tanks, etc. in the possession of the Union Committee either as owner or controller shall be kept in Form No. 13.
